CAREER OBJECTIVE

Motivated third-year B.Tech Cyber Security student seeking opportunities to apply programming, web development, database, and problem-solving skills. Interested in building practical full-stack applications and continuously improving through projects, DSA, and placement-oriented learning.

EDUCATION

B.Tech – Cyber Ssecurity | 2024 – Present
Currently pursuing 3rd Year | Expected Graduation: 2028

TECHNICAL SKILLS

Programming: Java, Python
Web Development: HTML, CSS, JavaScript
Backend / Full Stack: Java Full Stack, Django (learning)
Databases: SQL, DBMS, Oracle, MongoDB
Cloud: AWS, Microsoft Azure (learning)
Tools: Git, GitHub, VS Code, Linux (learning)
Core CS: Data Structures & Algorithms, Computer Networks, Cryptography, Ethical Hacking

PROJECTS

Personal Portfolio Website

- Developed a responsive personal portfolio using HTML, CSS, and JavaScript.
- Added profile, skills, projects, social links, and resume sections.
- Version-controlled the project using GitHub and prepared it for GitHub Pages deployment.

Academic / Practice Projects

- Building small web-development and programming projects to strengthen frontend, backend, database, and problem-solving skills.

CORE STRENGTHS

Problem Solving • Quick Learning • Teamwork • Communication • Consistent Practice • Interest in Software Development

LEARNING & CAREER FOCUS

Currently focused on Java Full Stack Development, DSA, aptitude, communication, Git/GitHub, databases, and cloud fundamentals with the goal of becoming placement-ready before graduation.
